I'VE BEEN A CAT FOR ONE NIGHT, I'VE GROWN A LITTLE ACCUSTOMED TO BEING IN THIS FORM.
AND SO, I'VE SENSED VARIOUS THINGS.

Just as I thought.
No way, eh?
you're Michiru, right?
After being turned into a cat, I can now understand the words of other cats. And,
You'll understand things like that since we're of the same kind.
We can fairly understand humans, too.
I also grasp Shiro's wildness
I always understand when Michiru's talking.
Waa, I understand what Shiro-tan's saying!
Shiro-tan's amazing!!
It's normal

In this place, here is the worst spot
After this winter, it's going to be hot
Here, behind the TV.

And then,
a cat's line of vision is really low and spacious.

At first, for me, being so small was surprising, and I felt helpless.
But
